**SALES HANDLE**

This book will help you help those with ADD/ADHD achieve success!

**DESCRIPTION**

Attention deficit disorder/ hyperactivity disorder (ADD/ADHD) can make learning difficult for sufferers who struggle to cope with the affliction. They are usually in constant chaos until coping skills are put into place to create the "systematic information filter" that they need in order to process information. This book will help people with ADD/ADHD by way of teaching educators, parents, and others how to help the sufferers cope with the stress that often times disrupts learning. It will help those with the disorder achieve higher-level learning and success.

**AUTHOR BIO**

Author Melissa Hood, a doctorate student in Education at Concordia University-Portland and a sufferer of attention deficit hyperactivity disorder (ADHD), aims to help leaders teach people with ADHD how to move into their destiny.
